Quality and Environmental Policy

Unimac Graphics is committed to continuous improvement in the quality of our production and the productivity of our personnel. We will strive to meet or exceed both technical and practical requirements of our valued customers. We are also committed to the protection of the environment as well as the health and safety of our employees, customers and neighbors.

The following principles shall govern all business practices in the manufacture, procurement, maintenance, reuse/recycling, persons working on the organization's behalf and disposal of materials and related services:

- Protection of the environment and the health and safety of Unimac employees, customers and neighbors from unacceptable risks is a priority and will not be compromised.
- Unimac's manufacturing operation will be conducted in a manner that safeguards health, protects the environment, conserves resources, and minimizes risk.
- All Unimac operations and products will be conducted in full compliance with applicable governmental requirements.
- Unimac has established procedures to ensure that all employees are knowledgeable of, understand and comply with, all applicable governmental laws and regulations and the environmental importance of adhering to such procedures.
- Unimac is dedicated to continuous improvement of its performance in protecting the environment, prevention of pollution and ensuring the health and safety of the community, our clients and our employees and making the policy available to the public.

Chief Operating Officer
